

# Touched By The Light Publishing Wall Project

The Wall Project -Purchase A Set of Books For A Prisoner

"What do you think a man does who has one hundred sheep and one of them gets lost? He will leave the other ninety-nine grazing in the hillside and go and look for the lost sheep. When he finds it, I tell you, he feels far happier over this sheep than over the ninety-nine that did not get lost. In just the same way your Father in heaven does not want any of these little ones to be lost." - - Matthew 18:12

**A**s an undershepherd, you have undoubtedly been faced with the challenge of reaching out to a lost sheep. Touched By The Light Publishing also seeks to restore lost sheep. Touched By The Light Publishing is a company dedicated to breaking the cycle of violence through advocacy, education, and related support services. We are introducing The Wall Project to reduce the recidivism rate in our state. Touched By The Light Publishing is currently distributing a 5 book set of life changing, thought provoking and abuse intervention books aimed at men and women imprisoned for acts of violence. Our goal is to get copies to incarcerated men and women throughout the Michigan penal system.

These books were written in response to the numerous repeat violence offenders populating our prisons. The books will help in breaking the self-destructive behaviors that have marred their lives. The books will help men and women inside and outside of prison recognize mental strongholds and patterns of behavior that cause them to lash out in violence or behaviors that prevent them from living fulfilling lives. The books offer alternative solutions for managing many of the life difficulties that prevent men from fulfilling their full potential. The men in prison are the fathers, sons, and brothers needed in our homes. We hope to restore men, restore families, and heal the wounds caused by violence.

We need your help. We are asking churches, civic groups, and all who care to purchase a set of books for a prisoner. We believe a prisoner should be given intensive training while in prison so that once paroled he has confidence for the future, not fear.

Please visit [www.touchedbythelight.us/thewallproject.html](http://www.touchedbythelight.us/thewallproject.html) and watch the video to learn more about this project. We hope you will see the enormous benefit of **The Wall Project**. Thank you for your consideration. God said He would go down to hell to find His lost sheep; we are following His example.
